

ConSoil 2010

TIME TABLE

TUESDAY 21 September	
18.00 – 19.00	Concert and Welcome by Landeshauptfrau Gabi Burgstaller in Salzburger Residenz
19.15 – 21.00	In Conference Centre: <ul style="list-style-type: none"> • Get together • Registration • Delivery of presentation in Preview Room for speakers who have their presentation on the first conference day (Wednesday 22 Sept.)

THEMES:

- A RESTORATION**
- B NEW FUNCTIONS OF THE SUBSURFACE**
- C SUSTAINABLE MANAGEMENT OF THE SUBSURFACE**
- D MANAGEMENT OF CONTAMINATION AT REGIONAL SCALE**

WEDNESDAY 22 September		
8.00		Registration
9.30	Europe	Opening Session
10.30		Break
11.00	Mozart 3 Mozart 1+2 Mozart 4+5 Papageno	Thematic Sessions (ThS): A5 Characterisation: vapor intrusion and investigation strategies A7 MNA and bioavailability A8 Sampling methodologies D3 Management and communication
	Europe	Special Sessions (SpS): 2 Austria: Transforming experiences and socio-economic frames onwards to new strategies and practices
	Paracelsus	8B Sustainable Remediation - Case studies: Does it make a difference?
12.30		Lunch
14.00	Europe Papageno Mozart 4+5 Mozart 1+2	Thematic Sessions (ThS): A14 (Enhanced) Natural Attenuation (1) A21 Non conventional concepts (1) A26 Complete case studies D2 Water
	Paracelsus Mozart 3	Special Sessions (SpS): 7 EU Soil Strategy: Legal issues 10A Russia and other CIS countries: Biological treatment
15.30		Break
16.00	Mozart 1+2 Mozart 4+5 Europe Papageno	Thematic Sessions (ThS): A3 Characterisation A6 Mass flux and DNAPL A11 In Situ Chemical Oxidation (1) C4 Functions and values of soil-water systems (1)
	Paracelsus Mozart 3	Special Sessions (SpS): 8A Sustainable Remediation: International developments 10B Russia and other CIS countries: Other technologies
17.30 – 19.00		POSTER SOCIAL <ul style="list-style-type: none"> • Poster authors will be near their posters • Snack and drinks served

THEMES:

- A RESTORATION**
B NEW FUNCTIONS OF THE SUBSURFACE
C SUSTAINABLE MANAGEMENT OF THE SUBSURFACE
D MANAGEMENT OF CONTAMINATION AT REGIONAL SCALE

Time		Hall		THURSDAY 23 September	
9.00				Lecture Sessions (LeS):	
	Mozart 3	A1	Footprint assessment		
	Mozart 4+5	A10	Reactive Barriers (2)		
	Europe	A15	(Enhanced) Natural Attenuation (2)		
	Mozart 1+2	A18	Various in situ and ex situ technologies		
	Papageno	C7	Risk assessment		
	Paracelsus			Special Session (SpS):	
		6	Enhancing the output efficiency of research projects: examples and opportunities		
10.30				Break	
11.00				Lecture Sessions (LeS):	
	Mozart 1+2	A12	In Situ Chemical Oxidation (2)		
	Mozart 4+5	A17	Heavy metals (1)		
	Europe	A22	Non conventional concepts (2)		
	Papageno	A25	Complete cases: lessons learned		
	Mozart 3	C8	Standards		
	Paracelsus			Special Sessions (SpS):	
		9	Ecosystem services		
	Trakl			US EPA Session 1: Investigation Process Optimization	
12.30				Lunch	
14.00				Thematic Sessions (ThS):	
	Europe	A2	Technologies low in footprint		
	Mozart 1+2	A9	Reactive Barriers (1)		
	Mozart 3	C1	National Approaches; Europe		
	Papageno	C5	Functions & values of soil-water systems (2)		
	Mozart 4+5	C6	Modelling transport		
	Paracelsus			Special Session (SpS):	
		3	Latin America: Contaminated sites, remediation and redevelopment approaches		
	Trakl			US EPA Session 2: Green Remediation: Reducing the Environmental Footprints of Cleanup	
15.30				Break	
16.00 – 17.30				Thematic Sessions (ThS):	
	Mozart 4+5	A13	(Nano/micro scale) Iron based technologies		
	Europe	A19	Special subjects		
	Papageno	A23	Thermal techniques (1)		
	Mozart 1+2	C3	Soil Policy		
	Mozart 3	D4	Sediment management		
	Paracelsus			Special Session (SpS):	
		1	Challenges and strategies in land management in Central and East European countries		
	Trakl			US EPA Session 3: Design Optimization Through Independent Design Review	
19.30				Conference evening with dinner	

THEMES:

- A RESTORATION**
B NEW FUNCTIONS OF THE SUBSURFACE
C SUSTAINABLE MANAGEMENT OF THE SUBSURFACE
D MANAGEMENT OF CONTAMINATION AT REGIONAL SCALE

Time		Hall		FRIDAY 24 September	
9.00				Thematic Sessions (ThS):	
	Paracelsus	A4	Characterization: geophysics and nuclear sites		
	Mozart 1+2	A20	In situ biological treatment		
	Papageno	A24	Thermal techniques (2) and Heavy metals (2)		
	Mozart 3	B1	Aquifer thermal energy storage / subsurface thermal storage		
	Europe	C2	National approaches: World		
	Mozart 4+5	Special Session (SpS):			
		5	New approaches in non- or low-invasive site characterization towards sustainable remediation		
	Trakl	US EPA Session 5: Remedy Optimization Through Remedial System Evaluation			
10.30		Break			
11.00 – 12.30		Thematic Sessions (ThS):			
	Europe	A16	(Enhanced) Natural Attenuation (3)		
	Paracelsus	B2	New functions of the subsurface		
	Mozart 1+2	C9	Modeling vapor intrusion		
	Mozart 4+5	D1	Land		
	Papageno	Special Sessions (SpS):			
	Mozart 3	4	Novel approaches for the integration of monitoring data into mapping		
		11	Contamination and Remediation of Agriculture Soils in East Asia; Effects on Human Health and Ecosystems		
	Trakl	US EPA Session 4: U.S. Information Resources			
12.45 – 13.15		Closing Session; including poster awards			
13.30 – 18.00		half-day Technical Tours		Guided City Tours:	
		<ul style="list-style-type: none"> Limited number of participants Registration at Conference Lunch (boxes) served only for Technical Tours participants 		<ul style="list-style-type: none"> Limited number of participants Registration at Conference <u>No</u> lunch by ConSoil
